To whom it may concern,

This is to certify that 80/20 standard catalog product to the best of our knowledge meets the requirements of the following:

- ROHS II Directive 2011/65/EU published July 01, 2011
- Reach regulation No. 1907/2006/EC or the European Parliament and of the Council 2012 list of 144 Reach substances of very high concern (SVHC) materials
- Dodd-Frank (1502) 80/20 product is processed without using any of the conflict metals from the DRC or Africa.

The information provided in this letter is based upon technical data and certifications from our vendors believed to be reliable and are accurate. 80/20 will not fill out paperwork on an individual part basis this letter is to certify that all catalog items meet the above requirements. If there are any updates to this letter we will update it and post on our website 8020.net.

Please note we do not certify any non catalog items unless this is put into your quote request. If you need any certifications on any non catalog items please contact your CRM representative.

Thanks,

Your partners at 80/20
