KEPNER PRODUCTS COMPANY CONFLICT MINERALS STATEMENT

Kepner Products Company makes precision steel, brass, aluminum, 303 stainless and 316 stainless steel valves.

None of these valves nor any parts in these valves include any "conflict minerals" - defined as columbite-tantalite (coltan), cassiterite, gold, wolframite, tantalum, tin, tungsten, and any other mineral or their derivatives determined by the U.S. Secretary of State to be financing conflict in the Democratic Republic of the Congo or an adjoining country.
